A two-part talk on:

'The method in our madness'

*"For many, both inside and outside the church,
to be a creationist is madness."*

These two talks will explain the theological and scientific method leading to a creationist position – an approach that is mainstream and that provides coherent, compelling answers to many objections Christians face today.

Steve Lloyd PhD

Researcher and Lecturer for BCT and is also pastor of Hope Church, Gravesend. He studied Materials Science at the University of Cambridge and became a Royal Society University Research Fellow. Steve also has a Diploma in Theology and Religious Studies from the University of Cambridge.
